Declaration of Political Status

To all whom it may concern, I, a living woman known as :Sarah-Elizabeth: Emery, of Denver, Colorado of sound mind and body, a woman of age, not indigent, not penniless, a landlord having been born on the portion of the North American Continent claimed by the united States of America and under their political dominion and more particularly on the land area recognized to be under the political dominion of the Colorado state, and having been born politically free and politically independent, I claim to have been born one of the progeny of the People of the United States as they styled and established themselves in the Preamble of The Constitution for the united States of America and am one of the free, sovereign, and independent people of the United States as defined in The Definitive Treaty of Paris, 1783, and am a beneficiary ---not of any Public Charitable Trust--- but of The United States Trust; I do freely and under penalty of perjury under the Common Law declare that I have never, ever, willingly, knowingly, and intentionally---having first been fully informed of the negative consequences---voluntarily subjected myself or my property to the authority of the British Crown nor any other artificial political or religious or commercial incorporation.

I see no convincing evidence that I ever engaged in any process of naturalization as mandated by United States Statute-at-Large stipulated in the public record at SEVENTH CONGRESS, Session 1, Chapter 28, Sections 1-4, April 14, 1802, which would serve to make me or anyone in my family any form of United States Citizen however styled. As a beneficiary of The United States Trust merely administered by The United States of America I am entitled and enabled to take action against any codicil of the Will established by other beneficiaries and I hereby declare that I have taken action against both the Constitution of the United States of America charter and its various By-Law Amendments made since 1868 and the New Deal announced by Franklin Delano Roosevelt in 1933. If there should be any evidence to the contrary, let it here be established that any such evidence would only be in existence due to fraud and non-disclosure and adhesion and other improper, unlawful, and illegal contracting practices forbidden by the Common Law, the Law of Admiralty, and the United Nations Convention on Contracts for the International Sale of Goods, and all those United Nations Declarations and Treaties that the United States of America, Incorporated, has agreed to ---resulting in press-ganging, inland piracy, unlawful conversion, and secretive change of political status resulting in theft from me, the Holder in Due Course of my paramount identity, and Breach of Trust owed to me. These criminal acts of non-disclosure and self-interested omission resulting in falsified evidence are not consensual, not to my advantage, and not of my intentional making. By many Maxims of Law all such evidences, claims, and contracts are void ab initio and those advancing such claims would be admitted criminals. Any such documents that might be ascribed to me are lawfully authorized under the universal Law of Necessity as the fruit of the fraudulent practices and claims set forth in the paragraph above and such documents, if there be any, do not establish any valid contract or agreement rendering me subject to any foreign power nor serve to make me a debtor, voluntary conscript, or chattel acting as surety for any artificial en legis entity. Be it also known that I am a peaceful and non-combatant woman and not an enemy of any state or people and I freely release and discharge all judges and justices from any obligation to impose statutory military law per Section 17 of the Trading With the Enemy Act as Amended by the Banking Emergency Act of 1934 in any case whatsoever brought before them and bearing my name in any style; and I hereby record that I do not consent to any statutory military court proceedings related to me or my person(s) in the past, do not consent to any statutory military court proceedings related to me or my person(s) in the present, and do not consent to any statutory military court proceedings related to me or my person(s) in the future: I do not consent once, I do not consent twice, I do not consent three times, but I do accept the oaths of all judges and justices to support and defend The Constitution, I do accept their obligation to operate in amity and friendship in perpetuity with respect to me and my person(s) and vessels in commerce guaranteed by The Definitive Treaty of Peace 1783, The Treaty of Westminster 1794, and their obligation to perform with good faith under the Bar Association Treaty of 1947. My principle of law is the American Common Law and my court is a court of record on the land of the United States of America and cannot be construed as the Common Law of Admiralty; I claim the Saving to Suitors Clause of the Northwest Ordinance in all matters and issues pertaining to me and my property. My money is the United States Silver Dollar. All funds deposited, transferred, or disbursed from accounts associated with me or operated

under my name are to be denominated as lawful money and all accounts may only be exercised as fiduciary operating accounts and not interpreted otherwise.

To the extent that others may have criminally misrepresented and mischaracterized me for the purpose of press-ganging me and plundering and pillaging my estate in my artificially contrived absence and caused there to be confusion and false claims regarding my identity, nature, activities and political status, I hereby affirm that I have returned home with a clear conscience and uninterrupted loyalty to my country and there can be no truthful or competent evidence otherwise. As one of those protected by Section 1 of the 14th Amendment of the corporate charter known as the Constitution of the United States of America and Section 9 of the Trading With the Enemy Act Appendix, I accept the oath of the Alien Property Custodian and the United States Treasurer to uphold the Constitution of the United States of America(Inc.) and their obligation to release and return my property free and clear of any damage resulting from their seizure of it, free of all debt, tithes, fees, encumbrances, liens, attachments, secondary titles and deeds held under color of law, involuntary and non-consensual capitulation of my name, forced use of private script in place of lawful money, appointments of usufructs and other impositions, confiscations, and false presumptions made against me and my private property. It has never been my knowing and free and voluntary will, express or implied, to provide any incorporated entity with the benefit of my body or estate --- nor was it my free and willing and knowing act to ever subject my son ashton john sinner or daughter grace elizabeth sinner of Denver, Colorado, to any such presumption. I never deserted my son or daughter nor have I knowingly allowed them to be interpreted as an abandoned vessel subject to maritime salvage by any incorporated entity nor have I voluntarily appointed any such incorporated entity as his Trustee or usufruct at any time. It has never been my knowing and free and voluntary will, express or implied, to grant my power of attorney to any incorporated entity. As the lawful copyright Holder in Due Course of the Trade Names Sarah Emery and Sarah E. Emery and :Sarah-Elizabeth: Emery and as the creator and Holder of the copyrighted pen names Sarah Emery and Sarah E. Emery and all derivatives thereof, all autographs, signatures, trademarks, symbols, numbers and seals including all derivatives of any such symbolic representations of me, I consider use of these symbols by anyone pretending to act in my behalf without my explicit and knowing consent obtained under conditions of full disclosure a criminal trespass, infringement, and act of identity theft. All such exercise of my imprimaturs without my free and knowing consent results in contracts violated by fraud and force. Should any evidences otherwise exist they can only exist as evidence of self-interested crime against me and my nature and estate and as evidence of similar intentional self-interested crime against my progeny as well. I am set free to exercise my dominion over the jurisdictions of air, land, and sea and no one may otherwise address me or offer any contrary presumption from the beginning to this day and forever afterward: I was, I am, I will be a living heir to the covenant of faith and the covenant of love and I am a true woman of God. As I am the only one having true and first-hand knowledge of my nature, my Will, my intentions, my knowledge at any given time, my actions, their meaning or anything else about me--- every word that drops from my lips concerning me is a Matter of Fact and all else is hearsay. In support of the above declarations made in truth and with good faith and standing this 19th day of March 2018.

:Sarah-Elizabeth: Emery
