Whoever, having the custody of any such record, proceeding, map, book, document, paper, or other thing, willfully and unlawfully conceals, removes, mutilates, obliterates, falsifies, or destroys the same, shall be fined under this title and imprisoned not more than three years, or both; and shall forfeit his office and be disqualified from holding any office under the United States. As used in this subsection, the term “office” does not include the office held by any person as a retired officer of the Armed Forces of the United States. If a county attorney told you not to file any documents like the ones I intend to file here today, you are still responsible and will be held liable for each and every violation mentioned within a document, “**NOTICE OF FELONY**”.

I do not accept any third-party intervener, such as a attorney retained by the county recorder’s office of which direct you to refuse to file documents of which will protect my assets from what I have identified as the mortgage company being engaged in High Treasons and fraudulent methods of financial rape of my assets. You will also be liable

for aiding and abetting felonious acts of fraud upon the people of this county, and the administration of justice.

You as the county recorder's office are not certified to be practicing law from your offices, and upon a refusal of a filling of the sorts of documents, will be deemed practicing law from behind the county, Recorders desk. You do not have my consent nor the authority to represent my legal affairs with my properties.

Your failure to record these documents once deposited with you, is a crime against justice under Revised Statutes of the United States First Section 43 Congress and those sections 5403, 5407 and 5408 total up to \$9,000 in fines and up to 12 years in prison per affidavit s/he fails to record.

The findings and conclusion of Facts are:

You are an elected official of the county, and legislature has no control over what the county recorder can and cannot do as far as recording a filling.

1. You are elected by the persons of the county, and not by the state legislature.
2. We the beneficiaries, and property owners, are the ones the county, who pays your salaries. Not the state.
3. You have a fiduciary obligation as the trustees, to the county's persons (Beneficiary) with their fillings.
4. It is your obligation based on a trust agreement, for the county's residence, established in the state's constitution, and in the provisions in the law of the land, the US constitution.
5. We the beneficiaries, of this county, which pays your salaries, to which you have your fiduciary obligations. Handle our personal affairs, with our properties and not of Corporations and the government and/or state.
6. You are acting in the capacity of the corporate government, and not in your Republic fiduciary capacities, which is to serve the people of your county, and not just the government/corporations only.

7. You are also acting in the capacity of an “attorney” selecting what can and cannot be filed. This is practicing law from the county recorder’s office with prejudice.
8. You are setting limits, and aiding and abetting criminal acts by mortgage companies on what can and cannot be filed, on lawful legal documents that already exists, and do not allow repute, and/or contest of such document, that exists. This could be construed as suppression of evidence, and misleading, to the interests of all parties connected to such legal matters.
9. In regard to non-judicial notice of sells and defaults, notices of liens, etc, what your saying is, persons of this county has no access to respond to acts created by corporate entities, lawful, and unlawful fillings, and has no equal protection under the laws, to go on record to repute, and/or challenge the validity for such allegations on file on to the people of your county, based on your selectiveness. This is self-evident.
10. The clerk has a obligation to file, any documents, that the persons of the county deems fit, to file without infringements and/or the without the advice from the recorder’s office, that they cannot, because it is un-recordable. You are here by challenged.
11. The recorder’s office has the obligations to access the forum to the people who needs to record documents, and is obligated to follow the due process, in any case.

The Recorders office files non-judicial recording all the time for the corporations, (including government liens) with no judicial order, to substantiate the subject matters claims. Other wards you become the final word, (A final judgment) as if it were a lawful judgment, and file any claims from any of the State, and government offices without the due process, and factual proof, of service, due process, and without certified judgments from a Judicial branch.

12. It is your office’s duties to serve to county’s peoples, and to file documents, without getting in the way, of due process.
13. Show me any and all of the laws, which as the clerk says, severely restrict your capacity to record documents for the people of the general public, of your county, and not just for corporations.
14. Is what you’re saying, is that the people of this county have no recording forum to file their legal matters, non-judicial, with the county, in regard to their private property rights, to defend against unlawful claims, upon their names and property?
15. What happened to the equal protection under the laws, (law of the land act.)?
16. Your failure to file documents for the people in general is a breach of the duties to which you have sworn an oath of office to faithfully to perform.
17. The Recorders office cannot make the judicial determination, (advise) or establish

judicial rulings, and to be selective, in matters that are to become administrative in nature, and/or judicial, at some point in time, in regard to the document to be filed.

18. This also can be construed as a violation of Due Process, in such matters, that requires such fillings to substantiate evidence, for the courts, for personal damages, such as fraud, defamation, and unlawful claims.
